Welcome To Webelos Woods!

On behalf of the staff and committee of Webelos Woods I would like to invite you and your units to this year's Webelos Woods. At the beginning of 2008 we added the website: www.webeloswoods.org, Thanks to Ryan George and all of the employees at Simple View.

About The Program

The Webelos Woods Program exists in many states, but varies from council to council. Our program is quite unique. For one weekend, the young men and women in your Unit get to experience what scouting has to offer them. They will start off on Sat. morning with a flag ceremony and a quick competition to get the group spirit moving. Then the group will be dismissed to attend eight scout craft skills classes. Around noon we will stop for lunch and enjoy some free time. You and or your group may choose to attend the totem chip class, work on your astronaut egg, set up camp or just relax until the program starts back up at 2. At 2:00pm all of the Patrols will participate in a Mighty Mogli style competition (self-paced) where the patrols will be able to try their newly found skills, practice communications and teamwork and just have fun. At 5:30pm when the competitions close up for the day, we will launch any prepared astronaut eggs using a 12' slingshot (see the website for details). This will be followed by dinner, campfire and then lights out at 10:00pm.

How Can Our Group Get Ready?

Weeks before Webelos Woods your unit, whether it is a den, troop or patrol will put their unit number aside and select an identity. They will have to pick a patrol name. We will call them the "Flying Dragons". It doesn't stop there; they will be creative and make a patrol cheer. Patrol cheers create a sense of belonging and pride. The cheer is to be used whenever the patrol meets and competes. When more patrols participate

in patrol cheer it creates a whirlwind of scout spirit. For the sake of time let's say the scouts of the "Flying Dragons" come up with "Fly, Strike, and Win - Flying Dragons" for their cheer. Next they need to make a Patrol Flag. Rules for the patrol flag competition are on our web site. If each scout participates in making the flag it brings the patrol together as a team rather than individuals (Mom and Dad PLEASE let the scouts make the flag). Then on November 6th 2010 the Flying Dragons will learn Scout Craft Skill and compete using these skills. The best part is that this entire weekend is what scouting is all about, teaching scouts to become future leaders. There is a staff of about 150 Scouts ranging from the ranks of Scout to Eagle, Senior to Ambassador and Crew that will be helping, teaching, leading, and coaching your scouts. There will be adults present at teaching sessions and roaming at the events, but they serve as a health and safety advisor only. Please do not interfere with the youth and what they are doing.

EVENT STRATEGY:

1. Each patrol must work together to learn and accomplish the different skills and tasks.
2. Each patrol should elect or appoint one scout as Patrol Leader. Note: Events are set up for Patrols of **5 to 8** scouts. Combining smaller patrols should be done before competition begins.
3. Each patrol should have a Patrol Flag and a Patrol Cheer. They should carry the flag with them to the competition events and when they are finished with a competition, they should say their cheer.
4. Each patrol should exhibit "Scout Spirit", which, for purposes of this event is defined as an interest in, and a willingness to learn and/or work at the particular task or event and game.
5. Each patrol should exhibit "Teamwork".
6. **Coaching by adults during the competition will cost the patrol points, so parents and leaders, bite your tongues and let them do it themselves.**
7. Each patrol must follow the rotation schedule Handed out at registration and may not go to an event during a time other than the scheduled time.
8. We're all volunteers in this together and our goal is to provide the scouts a chance to learn new skills and to enjoy themselves.
